March 24, 2020

Production Activities at IO Industries Restarted

IO Industries has resumed production activities. IO Industries meets the threshold of an Essential Workplace under the guidance provided by the Ontario Government on March 24, 2020. All manufacturing staff have been ordered to report to work until further notice. Staff already working remotely will continue to do so.

Shipments of customer orders will resume effective immediately.

Customers and resellers will continue to receive technical support and pre-sales support from the usual contacts.

We are pleased to continue our service to you.

Sincerely,
IO Industries Inc.
